21 Jegerow Street Denman Prospect ACT

5 4 2

Occupying an expansive corner allotment of 512m² (approx.), 21 Jegerow Street is a family home which redefines space and luxury for the growing family. Comprising of two-levels and spread over 296m² (approx.) of internal living, the floorplan has been carefully considered to create a functional design, perfect for low-maintenance living.

Upon entry to the residence, the sheer craftsmanship and quality of the home is quickly evident. Timber floors flow through and combined with high-ceilings and natural light an immense sense of space is created. The ground floor is perfect for entertaining, with a covered alfresco dually accessible from the living and dining areas. The kitchen showcases stone benchtops, high-end appliances and an expansive walk-in-pantry, and overlooks the open plan design.

Building Size : 296 sqm
